Pack size	60 x 59.5 x 54.5 cm
Net weight	16.8 kg
Gross weight	16.8 kg
Catalogue page	465

No water, but 100% comfort: Arwinger cassette separating toilet

With the new bench model of the Arwinger cassette separating toilet, you can replace your Thetford C400 series bench toilet one-to-one. Benefit from all the advantages of a separating toilet without compromising bathroom design and without having to forego the convenient and practical removal through the service hatch.

The Arwinger cassette separating toilet kit seat with separation function is integrated into the body. It ensures the separation of solids and liquids.

Both are collected by the Arwinger cassette composting toilet kit cassette, which is positioned in the service compartment and replaces the Thetford chemical cassette. Solids fall into the open container of the cassette, which is fitted with a bag, while the liquid is directed through the hose into the tank of the cassette. Both cassette parts can be separated for emptying. The container for solids has a volume of approximately 9 litres, while the liquid container has a volume of approximately 7.7 litres. The fill level of the liquid tank can be read using an optical fill level indicator.

Specifications

Colour white, black

Please note: the body of the bench model can be adapted to different individual installation situations. Expertise is required for the removal of the Thetford bench toilet and the installation of the Arwinger bench model. The exchange should be carried out by Arwinger or an Arwinger installation partner. An overview of the workshops can be found at: <https://arwinger.de/#einbaupartner>. The costs for the exchange are not included in the price of the product.

- Complete replacement
- Matching dimensions
- Made from high-quality ABS/PMMA plastic
- Seat part produced by deep drawing for high quality and premium surface
- Separately emptyable solid and liquid containers
- Original Thetford C220 lid and seat

Technical data:

Body including seat part with separation function

- Material: ABS/PMMA plastic
- Colour: white
- Dimensions (W x D x H): 670 x 400 x 510 mm
- Weight: 9500 g
- Load capacity: 300 kg

Cassette

- Material: polyethylene
- Colour: black
- Dimensions (W x D x H): 250 x 500 x 250 mm
- Weight: 1985 g

Scope of delivery:

Body including seat part with separation function

- Body, ABS/PMMA
- Seat part, ABS/PMMA, PVC
- Sleeve, silicone
- Sleeve attachment, PETG, polyamide
- Hose connection, brass
- Urine hose, PVC
- Ball valves, PP
- Stops and stop pins, PETG
- Screws, stainless steel
- Locking wedges, PETG
- Fastening pins, PETG
- Lid and seat Thetford C220, plastic
- Installation instructions

Cassette

- Cassette, PE, PA6, PVC, POM, brass; incl. hose connection plug, POM; incl. tension strap, polyester
- Closure cap, PVC, PETG
- Stopper, PETG; stopper holder, EPDM
- User manual
