

Item no. 309/983

Manufacturer's no. 47000-00298

CAN Terminating Resistor 120 Ohm

Information

Pack size	3.5x3.5x1.5 cm
Net weight	2 g
Gross weight	3 g

The Truma CAN terminating resistor 120 Ohm is a terminator for the CAN bus line. The resistor is installed at both ends of the CAN bus and prevents signal reflections that can cause interference or errors in data transmission.

- 120 Ohm CAN terminating resistor
- For terminating the CAN bus line
- Scope of delivery: 1 x Truma CAN terminating resistor 120 Ohm

Specifications

Suitable for iNet
