Gross weight	1.5 kg
Catalogue page	83

Specifications

Colour	dark grey
Grammage	300 g/m²
Material	PP polypropylene

The tent carpet or awning carpet is the perfect addition to your camping equipment. Made from polypropylene fibres.

Lightweight and versatile: the lightweight mat is specially designed for light camping, but also fits perfectly in box tents and caravan awnings. Whether you are camping in the great outdoors or relaxing on a campsite, this carpet is versatile and easy to transport.

Breathable and mould-resistant: the carpet allows the ground to breathe, which promotes air circulation under your tent or awning. This reduces condensation and helps to keep moisture under control. The material's mould-resistant properties can help to reduce the growth of fungi and mould.

Durable: when camping outdoors, you are often exposed to adverse conditions. That is why this carpet has been developed for maximum durability. It is robust and resistant to wear and tear.
