Enjoy your drinks at the perfect temperature anytime – with the stainless steel coffee mug with handle. Thanks to its double-walled vacuum insulation, your coffee stays hot for up to 12 hours and refreshing drinks stay cold for up to 24 hours.

Durable material & thoughtful design

The mug is made from high-quality 18/8 stainless steel. The material is rust-resistant as well as durable and features a shatterproof coloured surface that neither peels nor cracks. With its modern design and practical handle, the mug is an eye-catcher – be it at home, in the office or on holiday.

Practical lid with sliding closure

The matching lid provides extra protection and prevents heat or cold from escaping quickly. Please note: the lid is not completely leakproof.

Advantages:

- Double-walled vacuum insulation for long-lasting temperature
- Robust stainless steel – rust-resistant and durable
- Shatterproof, colourfast surface
- Practical handle for comfortable drinking
