Fly Screen Curtain VW T5 /T6

Information

Pack size	35.9 x 29.6 x 6.7 cm
Net weight	1.5 kg
Gross weight	1.6 kg
Catalogue page	360

To ensure that annoying flies and mosquitoes stay outside and to increase your living comfort, Hindermann has further optimised their established fly screen curtains. The Hindermann fly screen curtains are tailored to fit every vehicle's chassis cut-outs perfectly and cover the entire opening. At the rear doors, a lead tape is attached along the bottom edge.

All versions are equipped with multi-path zips that can be operated from inside and outside the vehicle and make easy access possible. For example, the zips for the curtain at the rear door are positioned in a way that the rear windows can be opened easily. Access to the gas cylinder cabinet or the storage room is possible without having to open the entire curtain.

Material: close-meshed, fire-retardant polyester fabric, with excellent view to the outside and good air circulation. It shields approx. 65% of solar radiation, reducing the heat development in the vehicle significantly.

Installation rear door: The installation of the curtains is completed very quickly thanks to the magnet fixing. No buttons, no Velcro straps. The curtains can be removed just as quickly. They can stay mounted while driving. An adaption to the extension settings is not required. The curtain for the tail-
