Perfect for indoor and outdoor use. Take your heated seat cushion with you wherever you go and enjoy heat to go. Whether you are camping or at home, the heated cushion makes every seat more comfortable. Thanks to the modular push-button system, you can combine two heated cushions. The mobile cushion can be conveniently taken anywhere because the controller is also the carrying handle. Made of robust material, it is dirt- and moisture-resistant and can be cleaned easily and quickly.

- Mobile and wireless use thanks to power bank
- Modern design with soft felt surface
- 3 selectable temperature settings
- Convenient one-touch controller
- Easy-to-clean, washable cushion cover with zip
- Automatic switch-off after 20 min.
- Charging time: 3 h
- Operating time: 1.5 – 2 h

**Scope of delivery:** heated seat cushion, Quick Starter, power bank, USB cable
