This high-quality cabinet offers optimal protection for liquefied gas cylinders in both private and commercial settings. It prevents unauthorised access and ensures safe storage in accordance with the requirements of the Technical Rules for Liquefied Gas (TRF) and DGUV Regulation 79.

- Suitable for 11 kg liquefied gas cylinders
- With a sturdy back panel for additional safety
- Made of hot-dip galvanised steel sheet – durable, corrosion-resistant and weatherproof
- Complies with all relevant safety regulations for proper storage

The liquefied gas cylinder cabinet combines safety, stability and legally compliant storage in a compact, professional design – ideal for workshops, businesses and private households.
