Manufacturer's no. 1173740004

Battery-Powered Outdoor Solar Light OLI 400 AS

Information

Dimensions	5.5x7 cm
Pack size	9x8x8 cm
Net weight	200 g
Gross weight	250 g

The LED camping lamp can be conveniently charged via the USB-C cable or alternatively via the solar panel. The lamp lights up while charging. It is made of UV-resistant plastic and therefore retains its appearance for a long time. The lamp is equipped with several switching functions that allow the camper to use different light modes (charge level indicator, spotlight, combined light and continuously dimmable area light (100%, 5%)). Furthermore, the lamp can be conveniently attached anywhere thanks to its fold-out bracket with snap hook and can be used as a portable power bank thanks to the power bank function. With two replaceable standard Li-ion batteries 18500 3.7 V/3 Ah. IP44.

Scope of delivery: rechargeable solar LED outdoor light OLI 400 AS, 80 cm USB-C charging cable, USB-C to USB-A adapter
