

Item no. 300/435
Manufacturer's no. SC1000

Water Tank 4.0

Information

Dimensions	65x28x19 cm
Pack size	94x27.9x20.3 cm
Net weight	5 kg
Gross weight	8.2 kg
Catalogue page	460

With the WaterPORT 4.0, you have approx. 15 litres of water available wherever you need to clean, rinse, refresh or simply water something. Simply fill it with a garden hose or use the manual pump cap (not included in delivery) when travelling. Thanks to the integrated Schrader valve, you can even connect a bicycle pump or an air compressor to generate water pressure (up to 2.75 bar).

Highlights:

- **Automatic pressure build-up:** The WaterPORT 4.0 pressurises the water automatically when you fill it. Simply connect the garden hose and off you go.
- **Versatile attachment options:** The WaterPORT 4.0 offers various attachment options such as a hitch, a pole bracket and a platform bracket for flexible use.
- **Hands-free use:** With the optional WaterPORT nozzle holder with motion sensor, you have your hands free while you enjoy running water.
- **High-pressure spray nozzle:** The WaterPORT 4.0's multi-nozzle transforms your water into a versatile tool for various applications.
