The PCS driver's cab light is the perfect solution for the Fiat Ducato, Peugeot Boxer and Citroën Jumper. With its sleek and modern design, it harmoniously integrates into the trim of the B-pillar in the cab and provides a cosy, warm white light (3000 K).

Thanks to LED technology, the lighting offers a long-lasting solution. The integrated touch sensors allow the light to be dimmed continuously, enabling you to adjust the brightness to your needs. Additionally, the driver and passenger can control the light separately, providing maximum flexibility.

Installation is straightforward and the necessary accessories such as mounting screws and cables are included in the scope of delivery. Treat yourself to this stylish and practical lighting solution for your cab!
