The utilityBOXX has been designed for the front seats. To attach the bag, remove the headrest, pull the bag over the metal rods and additionally secure it with hooks to the seat console at the bottom. The distance between the two holes where the headrest is inserted is 145 mm. The bag is great for keeping order and as a storage space for small items that can be easily lost in the bus, such as books, maps, charging cables, tools, medication, pens, etc.
