Repel pests immediately and effectively

The ARDAP Repell bug spray is the tried-and-tested, popular problem solver for reliable and highly effective pest control. The spray can be used universally against many types of crawling and flying pests and works quickly and effectively. Repellent for flies, mosquitoes, beetles, mites, ticks, fleas, cockroaches, moths, silverfish, spiders, ants and much more. Ideal for use in caravans, campers and tents as well as at home and in commercial areas.

BAuA (Federal Institute for Occupational Safety and Health) regulation no.: N-113805

Application:

Effectively keeps pests at bay. Shake the can well before use. Spray ARDAP Repell bug spray on areas preferred by pests. Do not spray until visibly wet or dripping. Do not apply extensively. It is recommended to spray a distance of two metres for one second (equivalent to 1.5 g). For very sensitive and polished surfaces, first conduct a cautious test treatment. Cover aquariums and terrariums before application. Keep cats away during spraying. Repeat application if necessary.

For wasps: use only in case of danger (threat) or as a pro-

fessional user. Do not use against protected species such as *Bembix rostrata*, Clubhorn sawflies or scoliid wasps! Ensure adequate ventilation after application. A light spray coating dries without leaving stains. Unwanted residue on treated surfaces can be removed with commercially available, water-based all-purpose cleaners.

Ingredients: extract from open and mature *Tanacetum cinerariifolium* flowers, obtained with hydrocarbon solvent 2.0 g/kg (CAS 89997-63-7) Geraniol 0.5 g/kg (CAS 106-24-1)
