Lighting system for recreational vehicles: the 12 V mounting rails are available in two lengths and two colours and can be customised with various accessories to suit the needs of your vehicle.

Accessories include:

- Lighting spot without switch for use with a central on/off wall switch.
- Lighting spot with integrated switch, ideal for rails with constant power supply.
- USB socket, also suitable for installation on rails with constant power supply.

All accessories can be easily attached to the rail and positioned flexibly – for a customised, variable lighting solution in your recreational vehicle.
