The SOG II compact system for the camping toilets C2, C3 and C4 offers an efficient solution for toilet ventilation. With a flexibly positionable filter cartridge and an integrated fan, the floor version can be installed up to three metres away from the toilet. Ideal for caravans in which the toilet service door opens into the awning. The innovative filter unit completely neutralises the extracted, odorous air. The SOG II impresses with its simple retrofitting and versatile installation options, be it in the garage, under the seat bench or in the storage compartment. This keeps your caravan odour-free and hygienic at all times.
