Cassette Toilet CT 4000 without Flush Water Tank CTE 4110

DOMETIC

Information

Dimensions	382x530x409 mm
Pack size	79x61x46 cm
Net weight	7.8 kg
Gross weight	13.5 kg

The CT 4000 cassette toilet **without flush water tank** CTE 4110 from the new Dometic CTE 4000 series combines compact design with proven seating comfort. Thanks to the **360° rotatable seat**, the toilet adapts flexibly to different spatial situations in motorhomes or caravans. Visually, the model remains true to the well-known and popular Dometic design line.

A **scratch-resistant plastic inlay** ensures a hygienic and particularly easy-to-clean surface. Due to simplified electronics and lightweight material design, the weight has been reduced by around 3 kg compared to previous models. At the same time, users benefit from an attractive price-performance ratio.

The integrated waste tank has a capacity of 19 litres and is designed for regular use in everyday camping. The clear control panel allows easy operation of the flushing function and reliably displays the fill level of the waste tank.

Highlights:

- 360° rotatable seat for flexible space utilisation
- Scratch-resistant, hygienic and easy-to-clean plastic inlay
- Waste tank with a capacity of 19 litres
- Clear control panel with flushing function and fill level

Specifications
