Wine Glass North

Information

Pack size	18.4 x 14.1 x 9.7 cm
Net weight	360 g
Gross weight	360 g

The wine glass North is the practical solution for enjoying wine on the go in style. The set consists of two transparent wine glasses (340 ml each) made from 100% polycarbonate – shatterproof, lightweight and ideal for use while camping, at festivals or during a picnic in the countryside.

Thanks to the clever design, the glasses can be stored space-savingly. The base is detachable and is secured inside the glass with the help of a magnet. This keeps all parts compact and safely together – perfect for on the go. The included protective covers shield against scratches and damage during transport or storage. An integrated handle on each cover allows you to attach them to a backpack, bag or belt.

Not dishwasher-safe or microwaveable.

Scope of delivery:

- 2 wine glasses of 340 ml
- 2 protective covers with attachment handle
