For clean drinking water on the go

The myclean®water active UniQuick water filter installation kit ensures the highest water quality on all your travels. The integrated activated carbon filter reliably removes:

- Chlorine
- Microplastics
- Heavy metals
- Pesticides
- Pharmaceutical residues

Additionally, it filters colourants as well as taste- and odour-disturbing substances. The result: clean, fresh and pleasant-tasting drinking water, which is ideal for use in motorhomes, boats and campers. By using state-of-the-art filter technology, this filter not only protects against pollutants but also against bacteria and contaminants. This way, you can always rely on consistently high water quality.

Scope of delivery: cartridge housing, filter cartridge, 2 connections
