Maximum lubrication performance in wet and muddy conditions

Reliability on any trail starts with the right maintenance – especially in wet weather and muddy conditions. The Cat'n'Oil WET chain oil from Woshup offers the ideal solution for a long-lasting smooth bicycle chain. The powerful formulation ensures that every link of the chain is deeply lubricated. This keeps the chain running smoothly even under the toughest conditions, ensures precise shifting and noticeably reduces wear. The special formula creates a durable lubricating film that reliably repels water and dirt while extending the service life of the drive components.

- Developed for wet weather and muddy environments
- Deep lubrication for optimal shifting performance
- Effective wear protection for chain and sprocket
- Water-repellent and dirt-resistant formula
- Long-lasting lubricating film with high adhesion
- Easy to apply thanks to precise dosage

Be it on demanding tours or for everyday use – this chain oil supports the performance of modern bicycle drives and protects against the challenges of wet weather conditions.
