Dust Cover IP54, for all Dual Built-In Chargers

wentronic
SOLUTIONS

Information

Dimensions	0.5x5 cm
Pack size	5.5x5x1 cm
Net weight	8 g
Gross weight	8 g

The IP54 dust cover reliably protects dual built-in chargers from dust and splashing water, ensuring safe use even in demanding environments. It fits all dual built-in chargers with USB-A/USB-C ports and provides effective protection for the charging sockets against external influences. Ideally suited for use in caravans, motorhomes, boats or other areas where charging ports are regularly exposed to moisture and dust.
