Sikagard®-6220 S Cavity Wax

Information

Pack size 25x8x8 cm

Net weight 440 g

Gross weight 440 g

Sikagard®-6220 S is an amber-coloured, durable spray can wax with excellent rust protection properties. The product is especially suitable for effective protection against corrosion in vehicle cavities, has outstanding application properties and high performance in use. Due to its good penetration properties, even hard-to-reach areas are perfectly protected. After drying, a brown, slightly sticky wax layer remains, which protects the cavities against corrosion.

Specifications

Colour gold

Content 500 ml
