Space-saving & practical

The reusable MyZip bags Standard offer a space-saving alternative to traditional storage boxes and jars. They can be used flexibly and take up significantly less storage space – ideal for the kitchen, the pantry or on the go. The high-quality, airtight zip closure reliably protects against moisture and keeps food fresh for longer.

Thanks to their versatile applications, the bags are not only indispensable at home but also extremely practical when travelling or on outdoor adventures. Be it in the fridge, freezer, microwave or dishwasher – the MyZip bag is equipped for everything.

- **Space-saving:** flexible and compact alternative to rigid containers.
- **Fresh-keeping:** airtight zip closure for a longer shelf life of your food.
- **Versatile:** ideal for kitchen, camping, hiking or cycling.
- **Temperature-resistant:** suitable for fridge, freezer, microwave and dishwasher.
- **High-quality material:** made from BPA-free, robust plastic (OPP/PE/PET).
- **Variety of sizes:** available with a capacity of 350 ml (S) to 2700 ml (XL).
