Drying Rack Pops

Information

Pack size	17.3x9.8x5.6 cm
Net weight	102 g
Gross weight	143 g
Catalogue page	693

Innovative suction cup drying rack, the smart solution for hanging up laundry. With simple mounting on smooth surfaces, installation is child's play.

The way it works is very simple: By pressing down the brackets, you create a vacuum that holds the suction cups securely in place. No gluing, no drilling – the flexible and residue-free removal makes using it effortless.

The clothesline made of high-quality cord allows you to use individually stretched lines for your laundry. With a total of three lines, you have enough space to dry your clothes effectively.

The suction cup drying rack not only impresses with its functionality, but also with its extremely compact pack size. This makes it easy to stow away and accompany you on trips or in your everyday life in a space-saving way.
