The solar panel offers a simple plug & play application with a convenient cable charge controller. Thanks to the innovative, fully surrounding fabric edging, it is versatile and can be retrofitted with eyelets, Loxx buttons, Velcro or zippers. The panel is space-saving as it can be compactly stored due to its foldable panel area. It also ensures effective battery charging even in the shadow of the vehicle. With the use of Sunpower cells boasting an impressive efficiency of 23%, the panel is extremely efficient. All materials are resistant to extreme heat, high humidity as well as sea and salt water.

Included in the **scope of delivery** are a cable with charge controller Fox 062, a 5 m cable and a Sure Seal connector on the panel.
