The extremely luxurious and comfortable reclining chair can be adjusted to 3 positions and therefore offers optimum seating comfort. In addition, both the backrest and the armrests are ergonomically shaped and the chair is very flat when folded. The chair is equipped with a comfortably padded Tex-Comfort fabric. Thanks to its open cell structure, this fabric is very easy to clean, water-repellent and particularly resistant to discolouration caused by the sun. In combination with the elastic fastening, the padded fabric ensures an optimum seating experience. The high-quality reclining chair bears the TÜV quality seal and is ideal for the garden or campsite.
