The Estzorfer curtain rail in elegant beige is an ideal solution for attaching curtains in recreational vehicles. Made from high-quality plastic, this rail is 2.5 metres long and offers sufficient flexibility for different window sizes. It can also be shortened individually to ensure a customised fit for your vehicle. This makes it an indispensable accessory for motor-homes, caravans and other mobile accommodation, allowing for personalised interior design.

Installing the curtain rail is extremely straightforward. You have two options: It can be either glued or screwed on, which allows for versatile use on different surfaces and in various interior design situations. Regardless of whether you prefer a permanent installation or are looking for a solution that requires little effort – the Estzorfer curtain rail adapts to your needs.

The beige colour of the rail blends seamlessly into any vehicle interior and creates a warm, inviting atmosphere. The simple yet elegant appearance of the rail complements various interior styles and curtain colours without being obtrusive.

In addition to its visual adaptability, the curtain rail also impresses with its convenient handling. Threading the cur-
