Spirit Level Pocket Magnetic

STABILA 
 So messen echte Profis

Information

Dimensions	6.8x4x2 cm
Pack size	7.3x4.5x3.3 cm
Net weight	82 g
Gross weight	94 g

This professional mini spirit level fits comfortably into your pocket. Its robust aluminium core casing and the two milled measuring surfaces with a V-shaped groove and especially strong rare-earth magnets form a 90° angle. This makes it easier to align and adjust caravans and motorhomes on metal and especially on rounded surfaces. The STABILA precision bubble tube ensures high measuring accuracy. Perfect spirit level for narrow, inaccessible spots.
