

Item no. 610/891
Manufacturer's no. 50120

Disc Magnets 2 pcs, black, ø 125 x 8.5 mm

Information

Dimensions	8.5 x 125 mm
Pack size	16 x 14 x 10 cm
Net weight	440 g
Gross weight	500 g

With these strong disc magnets, you can securely attach the Bent System to the vehicle sheet metal. Each magnet features a plastic hook for the aluminium tensioning pole including a universal adapter and provides reliable hold even in windy conditions. The practical pull tab makes it easy to remove from the vehicle surface without damaging the paint. The material is temperature- and UV-resistant and achieves up to 50 kg holding force per magnet – even on thin sheet metal.

Advantages:

- Specifically designed for attaching the Bent System to the vehicle
- Holding force up to 50 kg per magnet
- Plastic hook for aluminium tensioning pole with universal adapter
- Pull tab for easy removal
- Temperature- and UV-resistant

Scope of delivery: 2 magnets, 2 plastic hooks (hook height: 22 mm)
