Gutter with integrated LED lighting for vans

This practical gutter ensures a dry entry and optimally illuminates the exterior area of your van. The sturdy aluminium profile with integrated LED strip is simply installed above the sliding door and provides even, pleasant light – ideal for getting in and out or spending time outdoors. The durable LED technology with around 270 LEDs offers a burn time of approximately 25,000 hours.

Features:

- Robust aluminium profile with LED strip
- Easy to install on the upper door frame
- Even, glare-free illumination
- Durable LED technology (approx. 25,000 h)
- Suitable for many van models
