Manufacturer's no. 0244703

Plug-In Coupling SKU-QR PS 5 bar G1 /4 LH-KN x SKU

GOK

Information

Pack size 6x6.5x3 cm

Net weight 57 g

Gross weight 57 g

For quickly connecting hose lines to gas appliances without the use of tools. The gas flow is shut off when the coupling is disconnected.

Thanks to a special mechanism, the SKU-QR plug-in coupling is tamper-proof – unlocking is only possible using a standard STN plug nipple.

With an ergonomic and non-slip grip, the SKU-QR plug-in coupling fits comfortably in the hand and allows easy coupling and uncoupling. The closure cap prevents the ingress of dirt particles or animals when the SKU-QR coupling is not in use.
