

Item no. 323/702

Manufacturer's no. 9620008461

All-In-One Solar System Solenergy Slim

NDS | DOMETIC

Information

Dimensions	1727 x 416 x 60 mm
Pack size	174.5 x 43 x 7.5 cm
Net weight	10.33 kg
Gross weight	11.9 kg
Catalogue page	600

The Dometic NDS SOLENERGY Slim all-in-one solar system combines advanced solar technology. Compared to the standard version, this complete system is slightly shorter but designed to be wider – perfect for flexible installation. The mounting bracket integrated into the flat solar panel ensures stability and robustness, while the optimal distance to the vehicle body allows for improved ventilation. Each panel is made from high-purity monocrystalline silicon cells and is protected by a Tedlar film as well as hardened, textured glass with high transparency, low iron content and anti-reflective coating.

Features of the all-in-one solar systems:

- Solar panel
- Dometic MPPT solar controller SC320 with N-Bus
- Pre-assembled roof spoiler kit
- Roof cable routing
- Pre-assembled cable set

Specifications

Cable length	6 m
Short circuit current	5.66 A
No-load voltage	22.74 V
Number of panels	1
Nominal power solar panel(s)	100 Wp
Nominal voltage	12 V
Daily output	400 Wh
Type	PSM 100 WP-S
