Discover this versatile gas cartridge! Filled with an efficient mixture of butane and propane gas in a ratio of 80/20, it is ideal for all camping and outdoor adventures. The cartridge is characterised by an innovative safety valve. This valve is compatible with all Campingaz® appliances equipped with a traditional Campingaz® screw cap, an Easy Clic cap or an Easy Clic Plus cap.

You can easily remove the valve cartridge from the appliance – even if it is not yet completely empty. This makes the CV 470 Plus the perfect solution for anyone who wants the flexibility to operate different appliances while travelling without having to carry several cartridges.
