### Luxurious foldable chair with adjustable backrest

The camping chair AP/235 Air-Deluxe combines maximum comfort with thoughtful functionality and is perfect for relaxing hours outdoors. Thanks to the 7-position adjustable backrest, you can individually adjust your seating position – whether you want to sit upright for dinner or reclined to relax.

A special highlight is the breathable 3D padded fabric. The innovative open cell structure ensures that no moisture is retained, allowing the chair to dry significantly faster than conventional padded models.

For an ergonomically optimal seating position, the backrest, seat and armrests are specially shaped. The robust construction with an anodised H-frame guarantees safety and a high load capacity. Due to the slightly lower seat height, the chair is particularly well-suited for smaller individuals.

Perfect for camping, your garden or the terrace.
