Manufacturer's no. SYSO-2024-W4

Magnetic Lamp PORTOFINO incl. Placement Set and Pad, beige

Information

Dimensions	20.5 x 7.5 cm
Pack size	23.5 x 13.5 x 15 cm
Net weight	1 kg
Gross weight	1.1 kg

This steplessly dimmable LED lamp combines intelligent design with maximum functionality: a magnet is integrated into the base of the lamp, which, in combination with the included metal accessories, ensures a secure hold – be it on the table or on the wall. The lamp stays reliably in place while driving but can still be easily removed. The included metal nano gel placement set is ideal for table use and can be removed without residue and reused as often as desired. For wall use, a robust 3M metal pad ensures permanent fixation. This makes PORTOFINO the ideal companion for camping, caravans or home use.

The LED lamp offers warm white light, a battery life of up to 99 hours and a swivelling lamp head with 180° movement range. A USB-C charging cable is included.

Advantages at a glance:

- Steplessly dimmable LED lamp with warm white light
- Light intensity and colour temperature individually adjustable
- Battery life between 7 and 99 hours
- Lamp head swivels up to 180 degrees
- Nano gel placement set for flexible table placement – removable without residue and reusable

Specifications

Colour	beige
Material	metal
Nominal capacity	2.2 W
Nominal voltage	3.7 V

- 3M metal pad for secure wall mounting
- Magnetic connection – securely fixed, easy to remove
- USB-C charging cable included
- Suitable as a table or wall lamp (depending on mounting accessories)
- Splash-proof for indoor and outdoor use

Please note: for table use, only the placement set is intended. Wall mounting requires the included 3M metal pad. Fixing upside down or on the wall with the placement set is not intended.
