ADAC Camping Guide with removable planning map presents a comprehensive overview of campsite features and equipment– with up to 300 individual pieces of information in text and pictograms. The data is collected from qualified inspectors who control approximately 1200 campsites per year. A great help in selecting the right holiday destination is the overall ranking with up to 5 stars, as well as the differentiated ADAC classification into 10 different categories. Moreover, 14 pictograms indicate which campsite is particularly suitable for which target group (families, campers and off-season guests). Attractive off-season special rates, offers as well as reductions for rentals can be enjoyed, thanks to the included ADAC CampCard. Details are clearly presented in each campsite description in a separate information box.

Describes the most attractive 2900 campsites in 18 countries: Albania, Andorra, Bosnia and Herzegovina, Bulgaria, France, Greece, Italy, Croatia, North Macedonia, Montenegro, Austria, Portugal, Romania, Switzerland, Serbia, Slovenia, Spain and Hungary. Language: German.
