Dimensions	14.5 x 11.7 cm
Pack size	18.4 x 13.6 x 13.5 cm
Net weight	350 g
Gross weight	500 g
Catalogue page	498

The Essential Trail Kit is the perfect trekking kitchen, whether you are a first-time solo camper or an experienced outdoor chef. Designed in Sweden and handmade in Europe, it has room for everything you need to cook your next meal on holiday.

For easy storage, attach the Essential Trail Stove to the 230 g gas cartridge and pack it into the 0.5 litre pot.

The lightweight camping stove is ready for use in less than a minute. With its 2500 W flame, the burner boils one litre of water in three and a half minutes. Thanks to laminar flow burner technology, the centre of gravity is low and ensures a stable cooking surface.

Simply boil the water for your pasta or your freeze-dried meal in the pot. Fry your breakfast egg in the frying pan or lid, which has a non-stick ceramic coating.

The removable handles can be set up in different ways to make cooking easier or to keep everything together when the stove is stowed away. Supplied with mesh bag.

Specifications
