Intelligent GPS tracker for your bike

Discover the Gemstone™ Bike: the intelligent GPS tracker can track your bike, e-scooter, cargo bike, pram and more for up to 6 years – without needing to be recharged. Thanks to its compact design and low weight, it fits anywhere. The battery can be replaced.

Robust and reliable installation

The Gemstone™ is securely attached to your bike with the included security screws. It is also waterproof (IP68) and can be used in over 150 countries. This makes it ideal for tracking all types of bikes. The Gemstone™ bike GPS tracker stays firmly in place and is protected against tampering. It can be easily attached to the frame in several places, depending on the type of bike.

Lifelong data transmission

Thanks to the integrated SIM card with lifetime data transfer, you do not have to worry about separate SIM cards or monthly data charges.

Simple setup and operation

The setup via QR code or Bluetooth is child's play. The tracker is controlled via a free, user-friendly app that is available for
