

Item no. 323/507

Manufacturer's no. 44-111-1070

Powerstation RIVER 3 Plus

ECOFLOW

Information

Dimensions	23.4 x 14.6 x 23.1 cm
Pack size	28 x 27 x 25 cm
Net weight	4.75 kg
Gross weight	4.75 kg

The **EcoFlow RIVER 3 Plus** is a compact and powerful portable powerstation, perfect for outdoor adventures and everyday use.

Thanks to the innovative X-GaN Power technology, the RIVER 3 Plus offers double the runtime for devices under 100 W, such as 35 hours for a 3 W Wi-Fi router. Despite its high performance, it remains whisper-quiet with a noise level of under 30 dB.

The powerstation is fully charged in just one hour and offers four charging options: AC, solar, car or generator. Additionally, it features an uninterruptible power supply (UPS) with a switch-over time of less than 10 ms, making it a reliable backup solution for sensitive devices.

For growing energy needs, the capacity of the RIVER 3 Plus can be expanded to up to 858 Wh by wirelessly connecting additional batteries. The durable LiFePO₄ battery cells provide a service life of up to 10 years with daily use. With the EcoFlow app, you can conveniently control the powerstation and monitor the charging status and battery condition in real-time.

Specifications

Battery technology	LiFePO ₄ (Lithium)
Continuous output	600 W
Capacity	286 Wh
Nominal voltage	12 V 230 V
Type	RIVER 3 Plus
