REICH
 WATER SOLUTIONS

Information

Dimensions	10x30x10 cm
Pack size	27.5x10x10 cm
Net weight	1.1 kg
Gross weight	1.1 kg

Long-lasting freshness for wastewater tanks

The myfreshtank tank freshener makes wastewater tanks in motorhomes, caravans and campervans more hygienic and gives them a fresh scent. Unpleasant odours often develop in the tank after just a few days – the microbiological formula of easydriver myfresh®tank works specifically against this and supports a permanently clean tank and pipe environment.

Combats odours and deposits

The wastewater tank freshener prevents dirt and grease deposits in the tank and pipes and effectively neutralises odours. This keeps the wastewater system cleaner and less odorous for longer.

Easy to apply with clear dosage

- 10 ml per 10 litres of tank capacity
- Pour directly into the drain of the sink or shower
- Short contact time, hassle-free application
