Headlight Reconditioning Kit

SONAX®

Information

Dimensions	18x30x4.8 cm
Pack size	29.5x18x4.5 cm
Net weight	84 g
Gross weight	264 g

Set for the cost-effective manual restoration of plastic headlight covers that are yellowed and dull due to age. In just 2 simple steps, yellowing, dullness and fine scratches are removed before the treated surfaces are permanently sealed and protected from further fading. The application restores the original clarity of the headlights. In addition to enhancing the appearance of the headlights and increasing the overall value of the vehicle, the improved light output ensures greater driving safety through better visibility and being seen. For 2 applications for 2 headlights each.

Consists of:

- 75 ml SONAX headlight polish
- 2 x 5 ml SONAX headlight sealant
- 2 polishing sponges
- 1 sanding stamp
- 8 sanding discs 3000
- 8 sanding discs 5000
- 6 polishing cloths
