Butyl Sealant SikaLastomer®-514, black

Information

Dimensions	33x5 cm
Pack size	23.5x21 x 16.5 cm
Net weight	443 g
Gross weight	522 g
Catalogue page	402

SikaLastomer®-514 is a paste-like, thixotropic, solvent-containing sealant based on butyl. It does not cure and can be easily dabbed off. This ensures a technically and aesthetically clean seal without the need for additional cleaning agents.

The product is used for permanently plastic seals in various industrial applications. It is particularly suitable for parts that are removed for repair or maintenance purposes.

Suitable for: skylight, service doors, window frames, bolted or clamped frames.

- Easy to use and process
- Excess sealant can be easily dabbed off
- Wide adhesion spectrum without pre-treatment
- Very good UV resistance and ageing properties
- Very good plasticity

Specifications

Colour	black
Content	310 ml
