The single burner is easy to transport and at the same time robust enough for larger pots. A perfect companion for cooking over an open fire when an additional burner is required for barbecues. Also ideal as an ultra-compact kitchen solution in a boat/van. If you want to cook paella for a larger group in a large pan, simply remove the cover. This gives you extra space so that the pan is centred on the flame. The powerful 3000 W burner with precise flame control allows you to cook and fry with just the right amount of heat. The removable pan holder and drip tray are made of stainless steel and can be easily removed for cleaning. A wood-coated handle makes it easy to carry and locks the stove securely in place during transport.

- Slim, lightweight and compact single burner for easy transport
- The removable cover provides a 360° cooking experience and more space for larger pots.
- The durable, powder-coated steel cover and base ensure long-lasting cooking enjoyment, while the aluminium sides reduce weight.
- The stove is closed with the wood-lined carry handle for
