Insekten Ciao Insect Remover, 10 l

Information

Dimensions	23x30.3x18 cm
Pack size	30.3x23x18 cm
Net weight	10.1 kg
Gross weight	10.46 kg

Powerful cleaning for streak-free visibility

Insect residues on windscreens, headlights and bumpers are among the most stubborn types of dirt on vehicles. The reason lies in the high protein content of insects, which acts like a natural adhesive. The Insekten Ciao insect remover from Woshup offers an effective solution to this problem. The highly effective cleaning formula reliably breaks down even stubborn residues, ensuring clear visibility and a well-maintained vehicle front.

Thanks to the integrated Xtra Skin effect, the cleaning agent leaves a nearly invisible protective film on the treated surface. This ensures that new insect residues adhere less strongly – ideal for longer journeys during high insect activity.

- Effective solution for protein-based insect residues
- Gentle on paint, glass, plastic and chrome
- With Xtra Skin effect for long-lasting protection
- Ideal for windscreens, grilles, wing mirrors and bumpers
- Quick and easy to apply without needing to polish
- Suitable for all types of vehicles

Clean windows significantly contribute to driving safety – especially at dusk or against the light. With the Insekten Ciao insect remover, your view of the road remains unobstructed
